

AIRail Bagdrop

Dear AIRail guest,

we will help you to start your journey in a relaxed manner - in the truest sense of the word. While the beautiful Austrian landscape passes you by on the way to Vienna Airport, we will take care of your luggage, which you will want to check in for your onward flight.

Once you arrive at Vienna Airport, you can go straight to your gate and look forward to your Austrian flight in a completely relaxed atmosphere. We will reliably bring your suitcases directly on board. Sounds attractive?

IT'S THAT SIMPLE TO USE OUR SERVICE:

- In your train compartment, an Austrian Airlines employee in red uniform will accompany you and help you prepare your luggage.
- Simply show your boarding pass for your onward flight with Austrian Airlines
- We print out the baggage tag for you.
- Attach the baggage tag to your baggage as usual.
- Place your suitcase in the marked luggage rack on the train.
- We ensure that your luggage is handled safely and carefully.

An important note: Unfortunately, we cannot issue luggage tags on the train for sports and bulky luggage, pet transport, buggies etc. or luggage that is too large or too heavy. In this case, please check in your luggage as usual in the check-in area at Vienna Airport.

Austrian Airlines and ÖBB wish you a pleasant journey with AIRail and a pleasant flight.
